Student Result

Student Name: Rohan Sanas

Exam: Power Bi Basic Questions

Score: 48.0/50.0

Percentage: 96.00%

Question-wise Summary

Sr.no	Question	Selected Answer	Correct Answer
1	Power BI is primarily used for:	**b) Data Visualization and Business Intelligence**	**b) Data Visualization and Business Intelligence**
2	Power BI Desktop is:	**b) A Windows application for creating reports**	**b) A Windows application for creating reports**
3	Which file extension does Power BI Desktop use to save reports?	**b) .pbix**	**b) .pbix**
4	Power BI Service is also known as:	**c) Power BI Server**	**a) Power BI Online**

5	Which of these is not a component of Power BI?	**d) Power BI Developer Studio**	**d) Power BI Developer Studio**
6	Which company developed Power BI?	**b) Microsoft**	**b) Microsoft**
7	What is a Dashboard in Power BI?	**b) Collection of visualizations from one or more reports**	**b) Collection of visualizations from one or more reports**
8	Which view in Power BI Desktop shows tables and fields?	**Data View**	**Data View**
9	The "Get Data" option in Power BI Desktop is used for:	**Importing data sources**	**Importing data sources**

10	Power Query is used for:	**Data Cleaning and Transformation**	**Data Cleaning and Transformation**
11	In Power Query, "M" stands for:	**Mashup Language**	**Mashup Language**
12	Which option is used to merge two queries in Power BI?	**Merge Queries**	**Merge Queries**
13	To remove duplicates in Power Query, you use:	**Remove Duplicates**	**Remove Duplicates**
14	Which step is applied first in Power Query?	**First step in Applied Steps pane**	**First step in Applied Steps pane**
15	Can Power Query load data directly into Power BI models?	**Yes**	**Yes**

16	Which button refreshes data in Power BI?	**Refresh**	**Refresh**
17	In Power Query, splitting a column is done using:	**Split Column option**	**Split Column option**
18	Power Query Editor cannot:	**Create calculated measures**	**Create calculated measures**
19	The formula language used in Power Query is	**DAX**	**M**
20	DAX stands for:	**Data Analysis Expressions**	**Data Analysis Expressions**
21	In Power BI, relationships are created between:	**Tables**	**Tables**
22	Which is a DAX function?	**CALCULATE**	**CALCULATE**

23	A measure in Power BI is:	A calculation on aggregated data	A calculation on aggregated data
24	Calculated Columns are stored in:	Power BI Model	Power BI Model
25	Which type of relationship is default in Power BI?	One-to-Many	One-to-Many
26	Which of these is a time intelligence function in DAX?	TODAY()	TODAY()
27	To create a hierarchy, you:	Drag fields into each other	Drag fields into each other
28	Which is true about Measures?	All of the above	All of the above
29	Which is the default visualization in Power BI?	Table	Table

30	Tooltips in Power BI are used for	**Showing additional details**	**Showing additional details**
31	Which visualization is best for time series data?	**Line Chart**	**Line Chart**
32	A slicer is used for:	**Filtering visuals interactively**	**Filtering visuals interactively**
33	Conditional Formatting can be applied to:	**Tables**	**Tables**
34	Drill through in Power BI allows:	**Navigating to detail pages**	**Navigating to detail pages**
35	A KPI visual is used for:	**Showing progress toward a goal**	**Showing progress toward a goal**
36	In Power BI, bookmarks are used for:	**Saving visual states**	**Saving visual states**

37	Which is not a standard Power BI visual?	**Histogram**	**Histogram**
38	Power BI dashboards are created in:	**Power BI Service**	**Power BI Service**
39	Which feature updates data automatically in Power BI Service?	**Data Refresh**	**Data Refresh**
40	Row-Level Security (RLS) is used for:	**Restricting data access for users**	**Restricting data access for users**
41	Power BI Pro is required for:	**Sharing dashboards with others**	**Sharing dashboards with others**
42	Power BI Mobile app is available on	**All of the above**	**All of the above**

43	Q&A in Power BI allows:	**Asking natural language questions**	**Asking natural language questions**
44	Workspace roles in Power BI Service include:	**Viewer, Contributor, Member, Admin**	**Viewer, Contributor, Member, Admin**
45	Which is a limitation of Power BI Free version	**Cannot share reports**	**Cannot share reports**
46	Power BI Premium provides	**Dedicated cloud resources**	**Dedicated cloud resources**
47	Which export format is supported in Power BI?	**PDF**	**PDF**
48	Which chart is best to show part-to-whole relationship?	**Pie chart**	**Pie chart**

| 49 | What is the purpose of What-If Analysis in Power BI? | **To create hypothetical scenarios using parameters** | **To create hypothetical scenarios using parameters** |
| 50 | What component is created when you perform a What-If Analysis in Power BI? | **A parameter table** | **A parameter table** |
